

HEALING CIRCLES FOR GRIEF PROFESSIONALS

WITH LEIGH-ANN SANTILLANES-DELGADO, LCSW

Healing Circles are an intentional practice of collective care where we can explore our individual and collective healing for the work we do. Each Circle is a blend of sharing and silence, compassion and curiosity. The Circles are an opportunity to step out of the hectic pace of life, connect with self, and connect with other Grief Professionals in a peer-support style, confidential model that is held by agreements. Our agreements honor our own unique paths to caring for ourselves and respecting the choices of others while ensuring acceptance and confidentiality. Currently, all sessions are VIRTUAL (on Zoom). Follow link or use QR Code to register: https://forms.cloud.microsoft/r/dXZic45VED
